CONTENTS OF VOLUME 249

Influence of the Dopaminergic Agonists Bromocriptine, Piribedil and Nomifensine on the Sympathetic Neural Transmission in the Nictitating Membrane of the Cat. *L. György and M. Dóda.* 4

Antinoradrenergic Activity of Thymoxamine and its Metabolites in Rats. *J. Roquebert, P. Demichel and A. Malek.* 12

On the Coexistence of β_1- and β_2-Adrenoceptors in Various Organs. *J. Wagner, B. Nick, N. Rohm and H. J. Schümann.* 26

Effect of Morphine on the Sensitivity of Mouse Vas Deferens and Ileum during Chronic Morphine Treatment and its Correlation with Analgesic Tolerance. *S. Ramaswamy, N. Padmanabha Pillai and M. N. Ghosh.* 39

Cyclic AMP Increase by Histamine and its Analogues in Guinea-Pig Submandibular Gland. *K. Saeki, S. Seo and M. Murakami.* 52

Modulation of the Activity of Endogenous Protein Kinase Inhibitors in Rat Heart by the Beta Adrenergic Receptor. *A. Szmigielski.* 64

Comparative Antiarrhythmic Activity of Quinidine Combined with Propranolol and with Sotalol. *J. W. Lawson and N. J. Wojciechowski.* 72

Comparative Antidysrhythmic Profiles of Bepridil, Amiodarone and Disopyramide in the Guinea-Pig and Dog. *C. Labrid, M. Leinot, M. Beaughard, M. Basiez and P. Duchene-Marullaz.* 87

Caerulein Delays Gastric Emptying of Solids in Man. *C. Scarpignato, G. Zimbaro, F. Vitulo and G. Bertaccini.* 98

Effect of Prostaglandin Synthesis Inhibitors on Clonidine-Induced Diuresis in Rats. *M. L. Kauker and J. G. Barr.* 106

Biphasic Actions of Chlorpromazine and Mepacrine on Modulation of Hepatic Cell Injury in the Perfused Cat Liver. *H. Araki, R. C. Peck and A. M. Lefer.* . . 116

Effects of Gold Salts and Penicillamine on Serum Complement. *S. G. Binysh and V. Eisen.* 126

Characteristics of the Stimulus Produced by the Mixture of Cannabidiol with Δ^9-Tetrahydrocannabinol. *A. W. Zuardi, E. Finkelfarb, O. F. A. Bueno, R. E. Musty and I. G. Karniol.* 137

Effects of Ro 11-2465, a New Psychotropic Agent, on the Uptake of Serotonin by Human Platelets — In Vitro Determination of the IC_{50}. *T. Lenehan, L. M. O. Omer and A. Darragh.* 147

Influence of Hyperprolactinemia Induced by Adenopituitary Transplantation under the Kidney Capsule on the Glutamic Acid Decarboxylase Activity in various Brain Regions. *F. Nicoletti, R. M. Di Giorgio, F. Patti, L. Rampello, D. F. Condorelli, M. Amico-Roxas, P. L. Canonico and U. Scapagnini.* 153

Anticonvulsant Activity of Metabolites of Valproic Acid. *W. Löscher.* 158

Effects of 3-Sulfamoylmethyl-1,2-benzisoxazole (AD-810) and some Antiepileptics on the Kindled Seizures in the Neocortex, Hippocampus and Amygdala in Rats. *C. Kamei, M. Oka, Y. Masuda, K. Yoshida and M. Shimizu.* 164

Pharmacokinetics of Etomidate in Surgical Patients. *G. de Ruiter, D. T. Popescu, A. G. de Boer, J. B. Smeekens and D. D. Breimer* 180

Interactions of Narcotics and their Antagonists with Human Serum Esterase. IX: Structure-Activity Relationships of Morphinans and Morphines. *M. J. Bamberger and A. Gero.* 189

Alteration by Histamine Receptor Agonists of the Release of Adrenergic Transmitter in the Isolated Perfused Rabbit Kidney. *Z. S. Ercan and R. K. Türker* . . 203

Clonidine-Induced Lipolysis in Dog Adipocytes by Stimulation of Histamine (H_2)-Receptors. *M. Berlan, M. Lafontan, L. Dang Tran and C. Carpene* . . . 213

Studies on the Effects of Histamine on Cholinergic Transmission to the Heart and Vasculature in the Anesthetized Cat. *B. S. Jandhyala, A. M. Boe, S. W. Adamski and M. F. Lokhandwala* 221

Relaxation of Guinea-pig Stomach by Bradykinin. *O. A. Downing and J. S. Morris* 229

Facilitation of Neuromuscular Transmission by Calcium Antagonists, Diltiazem, Nifedipine and Verapamil, in the Dog. *T. Sato and H. Ono* 235

Cardiovascular Effects of Cimetidine. *H. Kato, J. Kurihara and Y. Kasuya.* . . . 247

Vasodilating Effect of Flunarizine in Anesthetized Dogs. *H. Kato, J. Kurihara, K. Ishii and Y. Kasuya* 257

Comparative Evaluation of the Factors Regulating Vascular Resistance in Dogs, Anesthetized with Morphine-Chloralose or Pentobarbital. *A. T. Hamed, M. F. Lokhandwala and B. S. Jandhyala* 264

Effects of Calcitonin-Induced Hypocalcemia on the Neuromuscular and Cardiovascular Depressive Actions of Kanamycin in Anesthetized and Conscious Rats. *T. Uchiyama, M. Lemeignan, J. Molgo and P. Lechat* 275

The Mechanism for the Renal Hemodynamic and Tubular Action of Furosemide. *S. G. Chrysant, P. R. Baxter and R. L. Amonette.* 289

Effects of Prostaglandin and Kinin Synthesis Inhibitors on Renal Responses to Furosemide in Normal and Low-Sodium Rats. *P. J. S. Chiu and J. F. Long.* 297

Prostaglandins E_1 and E_2, but neither Prostacyclin nor Prostaglandin D_2 Havé Anti-Aggregating Activity in Chicken Blood. *H. Bult, E. Wechsung, A. Houvenaghel and A. G. Herman.* 306

The Effect of High External K on the Na-Activated Fraction of Ca Efflux in Goldfish Ventricles. *P. Busselen* 309

Prostaglandin E_2 is the Prevalent Metabolite of Arachidonic Acid Formed by Aortic Tissue of the Chicken. *M. Claeys, E. Wechsung, A. G. Herman and D. H. Nugteren* 312

Prostaglandin Production by Cultured Mesothelial Cells. *M.-C. Coene, C. Solheid, M. Claeys and A. G. Herman.* 316

Muscarinic Receptor: Multiple Sites or Unitary Concept? *P. M. Laduron, J. E. Leysen and H. Gorissen.* 319

Pharmacokinetics of a New Diuretic, Torasemide, in Man. *M. Lesne, F. Clerckx-Braun, F. Duhoux and C. van Ypersele* 322

Electrophysiological Effects of Acetylcholine on Rabbit Cardiac Purkinje Fibers. *K. Mubagwa and E. Carmeliet* 326

Complement Activation and Blood Levels of 6-Oxo-Prostaglandin $F_{1\alpha}$ during Endotoxin-Induced Hypotension in Rabbits. *M. Rampart, H. Bult and A. G. Herman.* 328

Anti-Hypoxic Effects of Etomidate, Thiopental and Methohexital. *A. Wauquier, D. Ashton, G. Clincke and C. J. E. Niemegeers* 330

Contents of Volume 249 335

ST. CATHERINE PRESS, TEMPELHOF 41, BRUGGE, BELGIUM

CONTENTS OF VOLUME 250

Whole-Body Localization of ^{14}C-Tocopheryl Acetate in the Rat Following Oral Administration. *I. Fand and W. P. McNally* 4

An Analysis of the Effects of Apomorphine and Haloperidol on the Release of [^{3}H]-Dopamine and [^{3}H]-Noradrenaline from Rabbit Brain Slices. *M. J. Kelly* . . 18

The Effects of Local Anaesthetics on the Isometric Contraction of the Isolated Hemidiaphragm of the Rat. *M. Prostran and V. M. Varagic* 30

Oxytocin-Induced Ca-Free Contraction of Rat Uterine Smooth Muscle: Effects of Divalent Cations and Drugs. *K. Sakai, T. Yamaguchi and M. Uchida* 40

The Influence of Dopamine and Dopaminergic Agonists on the Contractions of Field Stimulated Rat Vas Deferens. *L. György, Zs. Orr, G. Folly and M. Dóda* 55

Beneficial Effects of Bucindolol in a Canine Model of Pentobarbital-Induced Heart Failure. *D. Deitchman and R. W. Snyder* 65

A Comparison of the Cardiorespiratory Effects of Ciramadol, Dezocine, Morphine and Pentazocine in the Anesthetized Dog. *A. J. Lewis and T. Kirchner* 73

Effect of Trapidil on Mechanical and Electrical Activity of Isolated Rabbit Atrium. *Y. Yoshikawa, R. Akiyoshi and M. Sakanashi* 84

Calcium Ions and the Influence of Chagasic Sera on the Effects of Ouabain on Isolated Rat Atria. *L. Sterin-Borda, L., L. Canga, P. M. Cossio, C. Diez, R. M. Arana and A. L. Gimeno* 93

Hypotensive Effect of Labetalol on Intraocular Pressure in Rabbits in Relation to its Alpha- and Beta-Adrenergic Blocking Action on the Cardiovascular System. *H. Kogure, A. Hosaka and Y. Abiko* 109

Hb A_{1c} Measurement in the Investigation of Hypoglycemic Drugs in Mice: a Study with Metformin. *J. L. Junien and H. Wajcman* 123

Effect of Different Beta-Adrenoceptor Antagonists on Reproduction in Male Mice. *Deshpande, V. Y., Mendulkar, K. N., Moghe, P. J., Brahmapurikar, M. T. and Sadre, N. L.* 131

Antidiuretic Effects of Intracerebroventricular Infusion of Adrenaline in Conscious Goats. *G. Vandeputte-van Messom and C. Burvenich* 137

Inhibition of Calcium Release by Diazoxide Studied in the Isolated Rat Kidney. *J. F. G. Slegers, M. T. G. Förster and W. M. Moons* 147

Neurogram Recording During Acute Inflammation in the Rat Hind Paw. *J. S. Bohrman, H. I. Runion and M. H. Malone* 164

Autoradiographic and Biochemical Observations on the Distribution of Non-Steroid Anti-inflammatory Drugs. *K. D. Rainsford, A. Schweitzer and K. Brune.* . . . 180

Inhibition of Contraction by Swelling of Vascular Smooth Muscle in High KCl, Low Na Solution. *T. Suzuki, H. Karaki and N. Urakawa.* 195

Influence of Castration upon the Seminal Vesicle Response to Parasympathomimetic Drugs. *C. S. Porto, L. C. Abreu and Z. P. Picarelli.* 204

Differences in the Effects of Acetylcholine on the Vas Deferens from Normal and Castrated Rats. A Participation of Adrenergic Mechanisms. *M. del C. Agostini, E. S. Borda, M. F. Gimeno and A. L. Gimeno.* 212

Dopamine Receptor Stimulating Activity of 5-Hydroxy-6-Methyl-2-Aminotetralin Derivatives. *T. Verimer, J. P. Long, R. K. Bhatnagar, D. L. Koble, J. G. Cannon, J. R. Flynn, D. B. Goodale and S. P. Arnerić.* 221

The Influence of Sodium Gamma-Hydroxybutyrate on GABA Receptors and Catecholamine Effect Potentiation. *S. N. Kozhechkin.* 242

Modification of Convulsive Behaviour and Body Temperature in Mice by Intracerebroventricular Administration of Prostaglandins, Arachidonic Acid and the Soluble Acetylsalicylic Acid Salt Lysine Acetylsalicylate. *J. Climax and R. D. E. Sewell.* 254

Influence of Dihydroergotoxine and Piracetam on Creatine Kinase Activity in Contusioned Spinal Cord. *D. Atanacković, A. Simonić and B. Jamnicky.* . . . 266

Effects of Intracerebroventricular Administration of Dopamine and Metoclopramide on Blood Pressure in Rats. *K. Kondo, H. Suzuki, M. Handa, S. Nahahama and T. Saruta.* 273

Anti-Allergic Activities of the β-Adrenoceptor Stimulant Formoterol (BD 40A). *K. Tomioka, T. Yamada and H. Ida.* 279

Adaptation of the Neuromuscular Junction to Chronic Acetylcholinesterase Inhibition Due to Phospholine Treatment. *J. Faff and W. Bąk.* 293

The Effect of Arachidonic Acid on Platelet-Vessel Wall Interaction. *R. H. Bourgain, R. Andries, G. Biagi and E. Finné.* 302

15-Hydroxy-5, 8, 11, 13-eicosatetraenoic Acid (15-HETE) Formation by Rabbit Peritoneal Tissue. *M. Claeys, M.-C. Coene, A. G. Herman, M. Van Der Planken, G. H. Jouvenaz and D. H. Nugteren.* 305

Prediction of the Steady State Levels of Gentamicin, using Assumed or Actually Measured Pharmacokinetic Parameters. *C. De Mey, L. Bossaert, S. Scharpe and R. De Bock.* 309

Differential Effects of Na. Loading and Activation of Na^+ Pumping in Canine Arterial and Venous Smooth Muscle. *J. G. De Mey and P. M. Vanhoutte.* . . . 312

Role of the Intima in the Relaxation of the Canine Femoral Artery Caused by Thrombin. *J. G. De Mey and P. M. Vanhoutte.* 314

Properties of a Digitalis-Like Factor Extracted from Guinea-Pig Brain. *T. Godfraind and G. Castaneda Hernandez.* 316

Differential Interaction of 5-HT with Chicken and Rat Aorta. *G. M. Laekeman, H. Bult and A. G. Herman.* 318

Practical Considerations in Relation to the Study of Competitive Antagonists. *G. M. Laekeman, M. M. Ieven, H. H. Van Beek and A. G. Herman.* 321

Effects of Dopamine and its Antagonist Domperidone Cannot be Explained by an Effect on α_1-Adrenergic Receptors. *J. A. J. Schuurkes and J. M. Van Nueten.* . 324

Vascular Activity of Ketanserin (R41 468), a Selective 5-HT_2 Receptor Antagonist. *J. M. Van Nueten, R. Xhonneux, P. M. Vanhoutte and P. A. J. Janssen.* 328

Influence of Prostaglandin D_2 and Prostacyclin on Oviduct Motility and Blood Pressure in the Domestic Hen. *E. Wechsung and A. Houvenaghel.* 330

Differentiation of Ca Transports Associated with Plasma Membrane and Endoplasmic Reticulum in Intestinal Smooth Muscle. *M. Wilo, N. Morel and T. Godfraind* 333

Contents of Volume 250. 335

ST. CATHERINE PRESS, TEMPELHOF 41, BRUGGE, BELGIUM

CONTENTS OF VOLUME 251

Cardiac Glycosides and their Metabolites Levels in Plasma and Heart of Guinea-Pigs after I. V. Administration. *R. Dolphen and M. Lesne* 4

Inhibition and Induction of Microsomal Enzymes in the Rat. A Comparative Study of Four Antimycotics: Miconazole, Econazole, Clotrimazole and Ketoconazole. *C. J. E. Niemegeers, J. Cl. Levron, F. Awouters and P. A. J. Janssen* 26

In Vivo Pharmacology of Astemizole, a New Type nf H_1-Antihistaminic Compound. *J. Van Wauwe, F. Awouters, C. J. E. Niemegeers, F. Janssens, J. M. Van Nueten and P. A. J. Janssen* 39

Opiate Agonists Inhibit Noradrenaline Release via Opiate B-Receptors and N-cyclopropylmethylnorazidomorphine (CAM). Blocks Electrically Evoked Contractions via Histamine in the Mouse Vas Deferens. *J. Knoll, L. Kerecsen, G. T. Somogyi and A. Kovács* 52

Effects of Mg-Pemoline on the Central Catecholaminergic System. *V. A. Molina and O. A. Orsingher* 66

Modifications of the Dopaminergic Receptors Sensitivity and Learning of Normoxic or Hypobaric Hypoxic Rats. *C. Saligaut, N. Moore, M. Daoust, P. Chretien and F. Boismare* 80

Barrel Rotation Induced by Vasopressin and Involvement of Dopaminergic and Cholinergic Functions in Rats. *K. Yamada and T. Furukawa* 88

Studies in the Rat on Bucindolol, a New Antihypertensive Agent with Beta-Adrenoceptor Blocking Properties. *H. F. Oates, L. M. Stoker and G. S. Stokes* 95

Cardiovascular Effects of Dihydralazine, Diazoxide and Minoxidil Alone or Associated with Propranolol in Renal Hypertensive Rats. *Y. Provost, A. Lindenbaum, Y. Cohen and J. Wepierre* 103

Iufluence nf Propranolol and Acebutolol on Isoprenaline-Induced Changes in Heart Rate and Peripheral Blood Flow in Man. *G. Mougeot, F. C. Hugues, D. Julien and J. Marche* 116

The Effect of Preload on the Dissociation Constant of Phentolamine in Isolated Rabbit Thoracic Aorta. *R. B. Raffa and R. J. Tallarida* 126

Analysis of Responses to Dopamine in the Mesenteric Vascular Bed of the Cat. *H. L. Lippton, R. L. Meyer, S. E. Parey, A. L. Hyman and P. J. Kadowitz* 136

Dual Action of Meperidine on the Frog Neuromuscular Junction: A Prejunctional, Opiate Receptor-Mediated Depression of Transmitter Release and a Postjunctional, Nonopiate Receptor Effect on the Endplate. *H. D. Durham and G. B. Frank* . . 150

Effect of Histamine on Pancreatic Exocrine Secretion in the Dog. *K. Iwatsuki, K. Ikeda and S. Chiba* 166

Effect of Reserpine on Mg^{++}-Induced Calcium Fluxes and Reactivity of the Rat Aorta. *V. S. R. Krishnamurty and A. Mukherjee* 180

On the Mechanism of Action of an Adrenergic Blocking Guanidine (CG8345-Go). *C. L. Kaul and R. S. Grewal* 192

Manifestation of Latent Alpha-Excitatory Response in the Canine Tracheal Smooth Muscle Preparation—Relation to Basal Tone. *Y. Ohno, M. Watanabe and Y. Kasuya* 205

Regulation of Lithium in Cerebrospinal Fluid of the Cat by the Choroid Plexus Isolated in Situ. *M.-H. Yen and D. J. Reed* 217

The Open-Field: a Simple Method to Show Ethanol Withdrawal Symptoms. *F. R. Capaz, L. E. M. Vanconcellos, S. De Moraes, and J. Palermo Neto* 228

The Anti-Inflammatory, Analgesic and Antipyretic Activities of Non-Narcotic Analgesic Drug Mixtures in Rats. *A. J. M. Seegers, L. P. Jager, P. Zandberg and J. van Noordwijk* 237

The Effect of Neuromuscular Blocking Agents on the Acetylcholine Receptors of Different Skeletal Muscles. *D. A. Kharkevich and V. P. Fisenko* 255

The Effects of Imidazole on Neuromuscular Transmission and on Synaptosomal Calcium Uptake in the Rat. *J. A. Ribeiro, M. L. Dominguez, A. M. Sá-Aimeida and M. J. Gonçalves* 270

Comparative Study of the Action of Local Anesthetics on AV Conductivity of Dog Heart in Situ. *T. Yoshida* 285

A Comparison of the Vasoconstrictor Effects of Angiotensin II and Angiotensin III in the Canine Renal Vasculature. *S. Satoh, O. Itsukaichi, Y. Ohyama and M. Hayashi* 301

Naloxone Reversal of Insulin-Induced Hypotension in Reserpine Pretreated Rats. *J. P. Huidobro-Toro and J. M. Musacchio* 310

Cardiovascular Effects of Intravenous Tolmesoxide in Hypertensive Patients. *A. Scheen, A. S. Luyckx, and J. De Graeve* 322

Contents of Volume 251 335

ST. CATHERINE PRESS, TEMPELHOF 41, BRUGGE, BELGIUM

CONTENTS OF VOLUME 252

Liver Cytosol Protein Binding May be not Responsible for Hepatic Uptake of Biliary Contrast Agents. *G. Leyhausen and W. E. Müller* 4

Effect of K Ions on ^{45}Ca Fluxes in Myelinated Nerve. *M. A. Stout and F. P. J. Diecke* 17

Rabbit Aortic Contractile Responses and ^{45}Ca Retention in Tris and Bicarbonate Buffers. *H. Karaki and G. B. Weiss* 29

Quantitization of Ca Spike Frequency in a Single Sucrose Gap and Mechanical Relaxation Induced by Ca Antagonists, Isoproterenol and Papaverine. *I. Kimura, M. Kimura and Y. Yoshimura* 40

Denervation Supersensitivity to Norepinephrine in the Guinea-Pig Vas Deferens in Vivo and in Vitro: Influence of the Bathing Solution. *P. Sannomiya and S. de Moraes* 53

Evidence for a Histaminergic Mechanism on the Effects of Angiotensin II in the Rabbit Aorta and Rat Lung. *H. Zengil* 67

Substance P and Somatostatin and Excitatory Neurotransmission in Rabbit Urinary Bladder. *S. Husted, C. Sjögren and K.-E. Andersson* 72

A Study on Constrictor Responses of Dog Coronary Arteries to Acetylsalicylic Acid. *M. Sakanashi, H. Araki, T. Furukawa, M. Rokutanda and K. Yonemura* 86

Effect of pH Value on the Drug-Initiated Contractility of Small Intestine "in Vitro". *J.T. Cheng* 97

Effects of 1, 3-Bis(tetrahydro-2-furanyl)-5-fluoro-2, 4-pyrimidinedione (FD-1) on the Central Nervous System: (2) Effects on Nigro-striatal Dopaminergic Neurons. *K. Toide, K. Kitazato and N. Unemi* 106

Behavioral and Neurochemical Effects of Hydergine in Rats. *R. L. Copeland, Jr., A. K. Bhattacharyya, C. S. Aulakh and S. N. Pradhan* 113

Actions of Clonidine on Convulsions and Behaviour. *S. K. Kulkarni* 124

Renal Blood Flow after Stimulation of p-Aminohippurate Transport. *Ch. Fleck, J. Bartha, L. Kersten, C. Hably and H. Bräunlich* 133

Captopril, Alone and in Combination with Hydrochlorothiazide, on Responses to Upright Tilt in Conscious Dogs. *T. Baum, G. Vander Vliet and J. C. Glennon* . . 139

Central Hypotensive Effect of Diprenorphine in Normotensive Rat and SHR. *M. Bellet, J. L. Elghozi and P. Meyer* 147

Effects of Carotid Body Chemoreceptor Stimulation by Norepinephrine, Epinephrine and Tyramine on Ventilation in the Rabbit. *S. Matsumoto, A. Ibi, T. Nagao and T. Nakajima* 152

Kallikrein Concentrations in the Plasma, Lymph, Thoracic, and Cerebrospinal Fluid of Rabbits. *S. Naito, H. Tanaka, S. Tanaka and K. Oshima* 162

Book Reviews 170

Carbamazepine, Phenytoin and Phenobarbital do not Influence Brain Catecholamine Uptake, *in Vivo*, in Male Rats. *A. Quattrone, L. Annunziato, U. Aguglia and P. Preziosl* 180

Potentiating Effects of 5-Hydroxytryptamine and Histamine on Nerve Stimulation-Induced Contractions of the Rabbit Mesenteric Artery. *H. Moritoki and C. Su.* 186

Relaxation by Dopaminergic Agonists in Cerebral and Peripheral Arteries (in vitro). *N. Oudart, R. Sercombe, P. Aubineau, R. G. Boulu and J. Seylaz* 196

Antihypertensive Action of Bromocriptine in Neurogenic Hypertensive Dogs. *J.-L. Montastruc and P. Montastruc* 210

The Effects of Dopamine on Kidney Function of Rats. *S. Sophasan, W. Sanposn, S. Kraisawekwisai and V. Chatsudthipong* 219

Presynaptic Alpha Receptors in Relation to the Cardiovascular Effect of Yohimbine in the Anesthetized Cat. *A.-R. A. Abdel Rahman and F. M. Sharabi* 229

Effects of Ergotamine on Isolated Human Vessels. *E. Mikkelsen, O. Lederballe Pedersen, J. R. Østergaard and S. Ellebæk Pedersen* 241

Vasoconstriction Induced by Δ^9 Tetrahydrocannabinol on the Perfused Rabbit Ear Artery. *P. P. P. Barbosa, A. J. Lapa, M. T. Lima-Landman and J. R. Valle* . 253

Negative Inotropic Effects and the Hydrophobicity of Beta-Adrenergic Blocking Agents. *S. Harada, T. Ban, T. Fujita and A. Koshiro* 262

Effects of Diltiazem Therapeutic Plasma Levels on Cardiac Conduction and Refractoriness. *M. Lievre, J. Descotes, J. L. Brazier, Q. Timour Chah and G. Faucon* 272

Relative Contribution of Carotid and Aortic Bodies to Cyanide-Induced Ventilatory Responses in the Cat. *A. Serani and P. Zapata* 284

Effects of Carotid Body Chemoreceptor Stimulation on Respiration and Phrenic Nerve Activity in Intact and Vagotomized Rabbits. *S. Matsumoto, M. Kono and T. Nakajima* 298

Effects of Trapidil on Musculature and Vasculature of the Dog Trachea *in Situ*. *M. Maruyama, K. Satoh and N. Taira* 307

Bronchodilator and Antiallergic Properties of LA 2851 (2-4-diamino-7-methyl-pyrazolo (1, 5-a) 1, 3, 5-triazine). *J. L. Junien, M. Guillaume, C. Lakatos and J. Sterne* 313

The Effect of a Single Dose of DDT on Thyroid Function in Male Rats *M. Goldman* 327

Contents of Volume 252 335

ST. CATHERINE PRESS, TEMPELHOF 41, BRUGGE, BELGIUM

CONTENTS OF VOLUME 253

Disposition Kinetics of Furosemide in Dogs. *M. G. A. El-Sayed, M. Atef, A. Y. I. El-Gendi and S. A. H. Youssef* 4

Effects of Orally Administered Psychotropic Drugs on Dog Conditioned Avoidance Responses. *M. Cohen* 11

Central Cardiovascular Effects of Physostigmine in the Cat; Possible Cholinergic Aspects of Blood Pressure Regulation. *D. J. de Wildt and A. J. Porsius* 22

The Influence of Physostigmine on Sympathetic Outflow and Haemodynamics by an Action upon the Pontomedullary Region of the Cat. *D. J. de Wildt and A. J. Porsius* 40

Effect of Intracerebroventricular Injection of Nicotine and Acetylcholine on Renal Water and Salt Excretion in Conscious Goats. *G. Vandeputte-Van Messom* . . 52

Reactivity of Helical Strips of Carotid Arteries from Cold- and Warm-Acclimated Rabbits: Effects of Adrenergic Agents, Angiotensin II, and KCl. *S. D. Gray* . . 68

Effects of Prostacyclin (PGI_2) on the Smooth Muscles of the Guinea-Pig Stomach. *M. Ishizawa* 80

Calcium-Based Evaluation of Dose-Response Curves of Papaverine-like Relaxants in Guinea-Pig Taenia Coli. *M. Kimura, I. Kimura and H. Katoh* 90

Actions of Chloroquine and its N-Oxidation Metabolites on the Rectus Abdominis Muscle of the Toad (Bufo Regularis). *E. I. Ette, E. E. Essien, V. O. Marquis and J. A. O. Ojewole* 100

Comparative Antihypertensive Effects of Propranolol and Metoprolol in DOC-Treated Rats. *R. L. Wendt, D. R. Much, J. L. Bergey and T. C. Wicks* 110

Converting Enzyme Inhibition and Modulation of Plasma Renin Activity with Captopril in Anesthetized Rats. *M. Suzuki and S. Satoh* 121

Dissociation of Antipolyuric Action and Increase in Plasma Renin Activity Caused by Chlorothiazide in Brattleboro Rats. *C. A. De Groot and A. M. I. Tijssen* . . 137

Total Na^+- and K^+-Fluxes in Erythrocytes of Spontaneously and One-Kidney Goldblatt Hypertensive Rats. *A. Knorr* 148

Effects of a New Benzothiadiazine Derivative, LN 5330, on Insulin Secretion. *J. P. Blayac, G. Ribes, D. Buys, R. Puech and M. M. Loubatières-Mariani* 154

Effects of Physostigmine on Benzodiazepine Toxicity. *E. Ongini, L. Parravicini and F. Bamonte* 164

Biliary Excretion of Diazepam in Rats: Influence of the Route of Administration and Dosage. *R. Phillips and G. L. Plaa* 180

Antileptazol Activity and Kinetics of Clobazam and N-Desmethyl-clobazam in the Guinea-Pig. *M. Ballabio, S. Caccia, S. Garattini, G. Guiso and M. G. Zanini* 192

Thyroid Status and Muscarine Receptor Density and Affinity in Rat Intestinal Smooth Muscle. *T. S. Gaginella, M. Wietecha, R. M. Hecht and B. Kerzner* . . 200

Non-Adrenergic Inhibitory and Non-Cholinergic Excitatory Neural Involvement in DMPP and Nicotine Action on Fowl Rectum. *S. K. Mishra and V. Raviprakash* 210

Blockade of 5-Hydroxytryptamine-Induced Responses of Rat Seminal Vesicle by

Lithium—Possible Mediation through Calcium Exchange. *D. N. Gandhi, O. D. Gulati and K. G. Hemavathi* 220

Subsensitivity of the Presynaptic Dopamine Receptors in Cat Heart after the Termination of Chronic Haloperidol Treatment. *T. Verimer, J. P. Long, J. R. Flynn, S. P. Arnerić and B. J. Walsh* 233

Cocaine and Contractile Responses of Vascular Smooth Muscle from Spontaneously Hypertensive Rats. *R. C. Webb and P. M. Vanhoutte* 241

Changes in Vascular Reactivity in Rats with Experimental Renal Insufficiency. *S. Ueda, Y. Ayano, S. Yano, S. Mutoh and M. Sakanashi* 257

On the Mechanism of Noradrenaline-Induced Prostaglandin E_2-Synthesis in Primary Cell Cultures from Rabbit Splenic Pulpa. *R. Brückner-Schmidt, R. Jackisch and G. Hertting* 266

Hemicholinium-3 and Related Ether Analogues on the Synthesis of Acetylcholine by Mouse Brain (in Vitro). *F. C. Bove and V. B. Haarstad* 278

Muscimol as an Antagonist of Chemical Convulsants. *W. E. Stone and M. J. Javid* 294

Efficacy of Theophylline and its N-7-Substituted Derivatives in Experimentally Induced Bronchial Asthma in the Guinea Pig. *J. G. R. Ufkes, R. S. Leeuwin, M. Ottenhof, A. Zeegers and J. Zuidema* 301

Formation of ^{3}H-Dopamine and ^{3}H-Noradrenaline from ^{3}H-Tyrosine in the Canine Saphenous Vein. *P. J. Boels and P. M. Vanhoutte* 315

Experimentally Induced Fever and Mammary Blood Flow in Lactating Goats. *C. Burvenich, G. Vandeputte-Van Messom and G. Peeters* 317

Convulsant Action of Kaïnic Acid after Subcutaneous Injection to the Rat. *Cl. Chevolet, G. Carlier, K. Rondia, M. A. Gerebtzoff and A. Dresse* 319

Bioequivalence of Two Dipyridamole Preparations and Inhibitory Effects on the Platelet Adenosine Uptake in Man. *Cl. Chevolet, V. Van de Velde, H. Weisenberger, A. Herman and A. Dresse* 321

Predictive Pharmacokinetics of Amikacin Using Actually Measured and Assumed Parameters, Applied in 1-Compartment Linear Pharmacokinetics. *C. De Mey, S. Scharpe, R. De Bock and L. Bossaert* 323

Contribution of the Endothelium to the Response to Anoxia in the Canine Femoral Artery. *J. G. De Mey and P. M. Vanhoutte* 325

Effect of Complement Activation on the Biosynthesis of Prostacyclin (PGI_2) by Rabbit Peritoneum in Vitro. *M. Rampart, H. Bult and A. G. Herman* 327

Biotransformation of Arachidonic Acid by the Male Reproductive System in the Domestic Fowl. *E. Wechsung, M. Claeys, F. Van Wambeke and A. Houvenaghel* 330

Electrophysiological Effects of Changrolin, a New Antiarrhythmic Drug, on Isolated Cardiac Preparations. *Y. Q. Xu and E. Carmeliet* 333

Contents of Volume 253 335

ST. CATHERINE PRESS, TEMPELHOF 41, BRUGGE, BELGIUM

CONTENTS OF VOLUME 254

Pharmacokinetics of TRIS (hydroxymethyl-)aminomethane in the Rabbit. *H. Brasch and H. Iven* 4

Direct and Indirect Actions of 5-Hydroxytryptamine in the Rat Anococcygeus Muscle. *M. A. Oriowo* 13

Pharmacological Characterization of some Receptors in the Rat Caecum. *F. M. Tayo and M. O. Acholem* 20

Prejunctional Inhibitory Dopamine Receptors in the Rat Isolated Vas Deferens. *F. M. Tayo* 28

Further Studies on the Mechanism of Action of Methyldopa on the Vas Deferens of the Guinea-Pig. *F. M. Tayo* 38

Heterogeneity of Post-Junctional α-Adrenoceptors in Human Vascular Smooth Muscle. *M. J. Stevens and R. F. W. Moulds* 43

Studies on the Mechanisms Involved in the Cardiovascular Response of the Rat to Hemorrhage. *J. P. McCafferty, J. M. Roesler and R. G. Pendleton* 58

Effects of 1-(5′-Oxohexyl)-3-methyl-7-propylxanthine (HWA 285) on Viability of Ischemic Jeopardized Myocardium after Acute Coronary Artery Occlusion and Reperfusion. *V. B. Fiedler and J. V. Komarek* 70

Cardiostimulatiug Effect of Sodium Linoleate and its Iufluence on Effects of Cardiac Glycosides. *A. Knorr, J. Wagner and U. Gevelmann* 85

The Influence of some Cardiodepressant Drugs on the Histamine-Induced Restoration of Contractility in Potassium-Depolarized Heart Preparations. *L. Mantelli, S. Manzini, A. Mugelli and F. Ledda* 99

Some Factors Modifying the Insulinotropic and Cardiovascular Effects of Isoprenaline in the Rat. *H. A. A. Twaij and B. L. Furman* 109

Iufluence of Stimulation Interval on Inotropism Mediated by α-Adrenoceptors in the Left Atria of Rabbits. *Y. Hattori and M. Kanno* 119

Frequency-Dependent Block of Nerve Conduction by β-Adrenergic Blocking Agents. *H. Sada and T. Ban* 134

Assessment of β-Blockade and the non-Specific Effect of Bucumolol, a β-Adrenergic Blocking Agent, on Atrioventricular Conduction in Anesthetized Dogs. *K. Nakayama, T. Oshima and H. Koike* 145

Isolation of a Fibrinolysis Enzyme Activator from Commercial Bromelain. *A. Ako, A. H. S. Cheung and P. K. Matsuura* 157

Comparison of Croton Oil and Cantharidin Induced Inflammations of the Mouse Ear and their Modification by Topically Applied Drugs. *K. F. Swingle, M. J. Reiter and D. H. Schwartzmiller* 168

Pharmacokinetics of Diazepam in the Dog. *W. Löscher and H.-H. Frey* 180

Behavioural, Electroencephalographic and Histological Study of the Protective Effect of Etomidate against Histotoxic Dysoxia Produced by Cyanide. *D. Ashton, J. van Reempts and A. Wauquier* 196

Morphine-Induced Cortical Excitation and its Influence on Thalamic Somatosensory Evoked Activity. *R. Soto-Moyano and A. Hernandez* 214

Analgesic Activity and Toxicity of Oripavine and Phi-Dihydrothebaine in the Mouse and Rat. *S. Y. Yeh* 223

Factors Regulating Drug Cue Sensitivity: the Effect of Frustrative Non-Reward in Fentanyl-Saline Discrimination. *F. C. Colpaert and P. A. J. Janssen* 241

Pre- and Postsynaptic α-Adrenoceptor Blockade by (Imidazolinyl-2)-2-Benzodioxane 1–4 (170 150): Antagonistic Action on the Central Effects of Clonidine. *H. Dabiré, P. Mouillé, M. Andréjak, B. Fournier and H. Schmitt* 252

Effect of Chronic Propranolol Treatment and Withdrawal on Norepinephrine and Tyrosine Hydroxylase in Sympathetic Tissues. *F. Atkins, G. L. Nicolosi and L. Beck*. With technical assistance of J. Shipley 271

Effects of Carotid Body Chemoreceptor Stimulation by 5-HT on Phrenic Nerve Activity and Ventilation in the Rabbit. *S. Matsumoto* 282

Effect of Domperidone on Prolactin (PRL) and Thyrotrophin (TSH) Secretion. *J.-M. Kaufman, A. Elewaut and A. Vermeulen* 293

Effects of Renal Nerve Stimulation, Norepinephrine and Angiotensin II on Renal Blood Flow in Relation to Release of PG-like Substances in Anesthetized Dogs. *S. Satoh, Y. Ohyama and M. Hayashi* 304

Development of Radioimmunoassay for Sultopride and Sulpiride. *A. Mizuchi, S. Saruta, N. Kitagawa and Y. Miyachi* 317
